10am Check in and Updates

10:15am Speaker – Andy Smith from Carrico

Will be discussing over common items/challenges pool maintenance personnel face, how to effectively service equipment, items in budget considerations/planning, and how to develop maintenance plans. Discussion/presentation will take a deeper look beyond what is covered in general CPO classes. A Q and A session will also be available for questions from the group to Carrico.

11am – Guided Discussions

Topic Discussion is: The life of a CPO and how they work with aquatic teams

Guided questions and discussions around:

- CPO organizational chart
- How CPO's work with front line staff and other departments
- Tips of the trade as a CPO
- Challenges and Successes as a CPO

12pm – Lunch

1pm – Breakout Sessions/Small groups

Guided questions and discussions around:

- Sharing current maintenance plans. What you found effective and not effective?
- Sharing how you budget for your facility.
- Ways CPOs have found to reduce costs
- Additional support considerations when setting up, running, and closing a pool down.

Misc. General Q and A to help CPO's become more confident/supported in their positions
