FULL TIME POSITION WITH BENEFITS.

---

**Job Duties and Responsibilities:**

The following duties are a generalization of daily operations, and are not limited to this list. Other duties may be required based upon changes in operation and company policies.

The Director will be in charge of day to day operations in the Aquatic Center. The Director should have strong managerial and customer relations skills.

Hiring, training, and scheduling of lifeguards. A lifeguard training certification will need to be acquired if candidate does not already hold this certification. Address any issues with staff misconduct that goes against the lifeguard training.

Maintain the safety in the facility by monitoring pools as well as communicating with part-time staff for updates during their shifts. Enforce all pool rules regarding safety and/or misconduct with members.

Maintaining all pool records and chemical checks. Keeping pool licensing current.

Working with head of maintenance to make sure all equipment is in top working order, making sure that the safety of our members and staff is not jeopardized.

Listen and address any issues or concerns from members, as well as any suggestions they have, to make us a better facility.
