### Course Content

Staying on the cusp of advances in our field is vital to the operation of aquatic facilities. Recognizing this fact, IPRA is dedicated to providing thirteen workshops which address both updated information in addition to your individual questions and concerns. This three hour workshop will break each of these issues down and find methods for avoiding, then resolving, issues and concerns at your facility. This year's workshops focus on:

**Hot Topics from summer 2024**  
**Don't Let Your Guard Down**  
**Capital Improvement Long Term Planning**

\* Disclaimer – IPRA reserves the right to adjust focus topics based upon timely field changes.

Workshops are based on meeting the needs of the participants. The format is extremely flexible and focuses on current issues. Participants are encouraged to come with questions for our knowledgeable staff to answer.

In addition to being an excellent source of information, *this workshop has been approved by the Iowa Department of Inspections, Appeals, and Licenses for 2.5 hours of continuing education* in accordance with part 641-15.11(2) of the Iowa Health Code which requires all Certified Pool Operators® to receive ten (10) hours of continuing education in a five (5) year period concurrent with the individual's CPO® certification. The simplest way to meet this requirement is to attend a CEU workshop annually. No CEU Workshop updates a person's Certified Pool Operator® license as issued by the Pool & Hot Tub Alliance.
