

TREE MAINTENANCE & TREE PRUNING

10:15 AM - 11:30 AM

SCOTT CARLSON - MASTER ARBORIST
Proper Pruning

We prune to solve conflicts. All pruning cuts introduce some decay. Our objective should be to maximize the benefit with the least amount of damage - decay. Smaller cuts introduce less decay. Everyone agrees on this. However, where we cut is probably more important in reducing decay, long term, than the size of the cut.

11:30 AM LUNCH (provided)

12 PM - 2 PM

Join us for a showcase of the latest equipment! Dealers will provide demonstrations and have their products available for hands-on exploration.

Vermeer

(will have Sherill Tree climbing gear)
