## PARTNERSHIP WITH PURPOSE

Recreation is the catalyst for transforming mind, body, and spirit into a community.

Four levels available for partnerships.

Engaging and educating the outlying smaller populated communities is our greatest challenge, and with your help, we can make an impact.

1 in 10 kids are more likely to score 40% higher on tests, and be less obese when being social and active.

Physically active seniors cut heart disease, stroke, and diabetes risk by 50%, lower depression by 47%, and save up to \$2,500 annually on healthcare.
