

ACCESS FOR ALL WEB ACCESSIBILITY

Equitable digital experiences, such as ensuring website compliance with accessibility in mind, is critical to providing information, communication, and resources to all. Join MyRec.com as they break down Web Content Accessibility Guidelines (WCAG) 2.2 requirements for color contrast ratios, appropriate captioning for screen readers, and more. Stay informed about the most up-to-date requirements for your agency's website. Learn how the most relevant web accessibility practices can be used to enhance your recreation software platform. Discover practical tips you can implement to ensure a user-friendly public site.
